Mayuko's Little Kitchen again featured on TV in Japan

Third TV appearance resulting from recognition by TripAdvisor

Tokyo, Japan: Mayuko's Little Kitchen (MLK), a Japanese homestyle cooking school for visitors to Tokyo, with classes held in English in a private home kitchen, was chosen by TripAdvisor, the preeminent travel recommendation website, as one of the top ten activities in all of Japan. MLK, which had recently been featured on Fuji TV and TV Tokyo and had recently been interviewed by the Yomiuri Shimbun, has now appeared again on morning TV in Tokyo.

MLK appeared on the Tokyo Broadcasting System (TBS) morning show, Bibitto (ビビット) on 7 November 2018. We would be more than happy to arrange a class for anyone interested in producing an English language video segment or recommendation in a print or online guide book. Please feel free to contact us via the contact information above.
